Altrincham Grammar School for Girls, part of the Bright Futures Educational Trust, is a highly successful single sex 11 -18 academy in the South Trafford area. Bright Futures Educational Trust (BFET) is a partnership of schools based in the North West. The Trust's vision is the best *for* everyone, the best *from* everyone. Our values of community, passion and integrity are at the heart of everything we do. There are currently seven schools within the Trust. BFET is committed to providing all staff with the training and support they need to be the best in their profession. Benefits include: working cross-phase, knowledge exchange between our schools and the opportunity to work with some of the most inspiring colleagues in their profession.

Altrincham Grammar School for Girls (AGGS) was in the first cohort of schools to be designated a National Teaching School in 2011. AGGS is the lead school in the "Alliance for Learning". Our teaching school alliance comprises schools of every type and phase, plus universities, throughout a wide geographical area. The impact of teaching school activities is felt within the Trust and far beyond. We have a reputation for excellence regionally and nationally, of which we are very proud. The Alliance for Learning SCITT is a dynamic, high-quality teacher training provider offering a range of school-based routes into teaching in the Early Years, Primary and Secondary sectors.

The teaching school has been leading mental health training courses for the last three years and our offer has grown significantly. The number of localities we are delivering training across has grown and this coupled with the Greater Manchester Mentally Healthy Schools programme means that we have a unique mental health offer as a Teaching School. Due to the size of the GM project we now have a real need for a Project Manager role. The GM project has been commissioned by the Greater Manchester Health and Social Care Partnership, teachers have been given mental health first aid training and young people have become mental health champions. The scheme, which is a collaboration between the Alliance for Learning Teaching School, Place2Be, Youth Sport Trust and 42nd Street, has also provided a simpler, easier way to refer into Healthy Young Minds/Child and Adolescent Mental Health Services (CAMHS).

Our work in this area will involve coordinating the support and delivery from many partners and working with at least 125 schools in Greater Manchester. We are seeking an experienced, highly skilled project manager who is committed to our teaching school values and who will provide outstanding project management and administrative support for this project.
