## ABOUT BRIGHT FUTURES EDUCATIONAL TRUST

*The best for  
everyone, the best  
from everyone*

Bright Futures Educational Trust (BFET) is a multi-academy trust set up in 2011. The Trust is made up of a richly diverse group of schools in Greater Manchester and Blackpool. We are passionate about working together within and beyond the Trust to achieve our aspirational vision: the best *for* everyone, the best *from* everyone. We are an organisation that is underpinned by values of: community, integrity and passion. In everything we do, we remember that we are accountable to the children, families and communities that we serve.

BRIGHT FUTURES EDUCATIONAL TRUST

Our schools are their own entities and form one organisation and one employer, BFET. The BFET Board of Trustees maintains strategic oversight of the Trust and delegates some of its responsibilities to the Executive team, Principals and local governing bodies. We place a high value on integrity and probity and take seriously our accountabilities for making the best use of public money. How decisions are made is described in our delegation framework. You can find out more about the Trustees and the Executive Board on our website: <http://bfet.co.uk/about-us/>

Collaboration and strong relationships form one of the 'commitments' in our Strategy and all components of the BFET family work closely together. Our Strategy was developed collaboratively and is contained in this pack for your reference.

The Alliance for Learning is our Teaching School and partners with many schools across the North West, including our own. The Teaching School includes a maths hub, a SCITT, a broad range of professional learning and wider network opportunities. Please see the website for more details

## JOB DESCRIPTION

The Bright Futures Educational Trust (BFET) is a partnership of schools based in the North West. The Trust's vision is the best *for* everyone, the best *from* everyone. Our values of community, passion and integrity are at the heart of everything we do. There are currently seven schools within the Trust. BFET is committed to providing all staff with the training and support they need to be the best in their profession. Benefits include: working cross-phase, knowledge exchange between our schools and the opportunity to work with some of the most inspiring colleagues in their profession. There are also excellent opportunities available through the teaching school to engage with the wider mathematical community.

Altrincham Grammar School for Girls (AGGS) was in the first cohort of schools to be designated a National Teaching School in 2011. AGGS is the lead school in the "Alliance for Learning". Our Teaching School Alliance comprises schools of every type and phase, plus universities, throughout a wide geographical area. The impact of teaching school activities is felt within the school and far beyond. We have a reputation for excellence regionally and nationally, of which we are very proud. AGGS also runs the Maths Hub NW1 which provides a wide range of subject-specific CPD and development opportunities.

A well-qualified and enthusiastic teacher of mathematics is required to join a very successful and committed department. The successful candidate will have the ability to teach up to A level and must be willing to engage in the school's commitment to developing AGGS as a centre of excellence for teaching and learning. For a suitable candidate the position could be A Level teaching only, but this is flexible depending on their experience.

The department at present consists of nine full-time members of staff who share a keen interest in the subject, a positive approach to our work and a commitment to bring out the full potential of each and every one of our students. The mathematics team is based in a suite of eight rooms enjoying a high level of provision with a large range of practical equipment and other resources located in nearby store-rooms.

We aim to involve students in a variety of approaches and experiences. We encourage independence of thought, yet also provide opportunity for students to work in a co-operative manner, sharing ideas and developing communication skills. Practical work is used to develop understanding, confidence and flexibility and to apply the skills acquired to the solution of real and relevant problems. The department has an impressive record of academic success and we consider one of our main aims to be that each student achieves as good a qualification in the subject as her ability allows. Students enjoy their work in mathematics; they are motivated and inspired by the imagination, enthusiasm and commitment of their teachers.

Students in all year groups are taught in 'mixed-ability' groups. Schemes of work for each year group provide structure and support, including the content to be covered in each unit, references to resources and further guidance. In all years there are common end of unit tests. Within this framework, however, we expect teachers to draw upon their own expertise and innovative ideas in the planning of their lessons and to present mathematics in an imaginative and stimulating way.

The department is working towards a five-year mastery curriculum with all students entered for higher tier OCR GCSE (9-1) J560 at the end of Year 11. The department achieves a consistently high level of results; in 2019 100% of students gained at least a grade 4 and 62% achieving grades 8/9.

In the Sixth Form we currently offer OCR Mathematics A and OCR Further Mathematics A levels. The subject is a popular choice in the Sixth Form with, typically, 60 students taking A level Mathematics. In recent years the department has maintained a 100% pass rate at this level, with a substantial proportion of students achieving grades A\*, A or B.

#### Additional Specific Responsibilities

- Carry out the duties of a form tutor.
- Support the school in its open evenings and award evenings.
- Support the school in its entrance examination.

#### General Duties

- Carry out a share of supervisory duties in accordance with published schedules. Fulfil the conditions of employment of school teachers as laid down in the Pay and Conditions Document.
- Any other relevant duties requested by the Principal.

#### Probationary period

Your appointment is subject to a six month probationary period. At the end of this period, providing your service has been satisfactory, your appointment will be confirmed. If your service is not satisfactory your employment may be terminated within the probationary period.

Completed application forms should be returned to Mrs C Williams by email ([recruitment@aggs.bfet.uk](mailto:recruitment@aggs.bfet.uk)) or by post by Monday 21 September 2020 at 12.00 midday.

Interviews will take place as soon as possible after the closing date.

Applicants who are not contacted during this period may assume that they have not been successful but are thanked for their interest. Unfortunately, we are unable to provide feedback to unsuccessful applicants who are not called for interview

If invited for interview, candidates are required to bring original copies of the following documents which we need to have sight of on the interview day:

- Degree Certificate
- QTS Certificate
- Photo ID (passport and driving licence)
- Two other forms of identification that verify your name, address and date of birth e.g. birth certificate, marriage certificate, bank or credit card statement, utility bill.
- Evidence of MPR - recent payslip and school salary notification letter stating where you are on the pay scale (if applicable)
- Evidence of threshold/UPR (if applicable)
